PROFESSIONAL SUMMARY

Motivated and detail-oriented Computing student seeking an entry-level opportunity to contribute technical skills, problem-solving abilities, and passion for web development in a dynamic team environment. Eager to grow as a professional developer while delivering real value to a forward-thinking company.

EXPERIENCE

As a passionate and self-driven learner, I've been actively building my skills through online courses, personal projects, and hands-on practice with real-world tools like React.js and Tailwind CSS. While I may not have formal job experience yet, I'm eager to apply what I've learned in a professional environment, grow through collaboration, and contribute meaningfully to real projects. Every challenge is a chance to level up, and I'm excited to start my journey in the tech industry.

EDUCATION

2026	Bachelor of Science: Computer System Engineering GUSTO College, Yangon
2023	Higher National Diploma GUSTO College
